

TUBULAR HANDLING CASSETTES

Tubular Cassettes are specifically designed to ensure absolute safety when handling all types and sizes of steel casing, tubulars, steel materials, drill pipe, downhole tools, construction and building materials. While maximizing space and ensuring stability through the entire logistics process. With integrated tie down points, ratchet straps, rated lifting points, tine pockets. Combined with **PipeSafe's** stackability these cassettes can handle any job.

- FLAT, ROUND, BOX STEEL < 12M LENGTHS
- FLAT, ROUND, BOX PVC < 12M LENGTHS
- FLAT, ROUND, BOX TIMBER < 12M LENGTHS
- VERSATILE LOADING OPTIONS
- LIFTING CERTIFIED PRODUCTS
- RATED LIFTING ARRANGEMENTS
- PIPESAFE INTERLOCKABLE DESIGN
- INTERGRATES WITH 3M, 6M & 12M SYSTEMS
- ANTI-DROPS SYSTEM FOR LOAD PROTECTION
- REDUCED CHAIN OF RESPONSIBILITY RISKS
- HIGH IMPACT TESTED SYSTEMS
- INSPECTED & SERVICED PRODUCTS
- ENGINEERED & BUILT IN AUSTRALIA
- TUBING 2 3/8" – 4 1/2" DIAMETER
- CASING 4 1/2" – 11" DIAMETER
- PIPES 1" – 11" DIAMETER
